From

H J BHABHA, Esq,

Inspector General of Education in Mysore

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

I have the honour to inform you that the construction of a new building for the accommodation of the Taluk Cutcherry at Tarikere having been sanctioned by Government as stated by the Secretary to the Government of Mysore, Public Work Department in his docket No 256/4213 of the 28th July 1898 to the address of the Superintending Engineer, Western Circle, a proposal made to adapt the old Taluk Cutcherry for accommodating the Tarikere Anglo-Vernacular School in it appears also to have been sanctioned. The cost of making the necessary alterations in the old Taluk Cutcherry building so as to adapt it for the accommodation of the

Anglo-Vernacular School is estimated at Rs 924/- exclusive of the P.W establishment charges as per plan and estimate forwarded to me by the Superintending Engineer Western Circle with his docket No- 810 of the 7th March 1899 Under these circumstances I request that Government may be pleased to sanction the sum of Rs 924/- for the cost of making the required alterations - The plan and estimate of the alterations are submitted herewith for reference and obliging return when done with

Inspector Generals office docket-
No 2051/114 dated 2nd September 1898

With reference to the above has the honor to submit herewith the ground plan of the Taluk Cutcherry building at Tarikere, together with an Estimate of the probable cost of altering and improving the building so as to render it convenient for school purposes

The Estimate provides for 20 new windows

windows being put up where
necessary to afford sufficient
ventilation and light and for
forming 4 arches where windows
cannot be opened Provision has
also been made in it for removing
some of the partition walls
which were found necessary,
and for constructing a new
partition wall with brick on
Chunam Bamboo and matting
is provided for four of the rooms
The Estimate provides for the
construction of a latrine at the
back of the building within the
compound walls In the enclosed
plan the walls, to be knocked
down, are marked with red ink,
and the new wall to be constructed,
is marked with dotted line
The plans where the new windows
are to be fixed are marked with
a cross

The building as altered will

will consist of twelve large rooms whose dimensions are given in the plan The whole building can afford accommodation for over 300 pupils All the classes may be located here, except the infant B and A classes which may be left in the Petta School house for reasons stated in this office No 137/147 dated 19th ultmo It does not appear necessary to extend the Petta School building as it can afford sufficient accommodation for the two Infant classes

Two of the large rooms may be conveniently spared for the accommo-dation of the office of the Assistant Deputy Inspector whose Head Quarters may be shifted to Sankere as it forms the centre of his range Sherthalle and Mudgere, which forms the extreme points of his range are almost equidistant from Sankere. This arrangement saves the trouble and cost of extending the A V School house at Kadur at a heavy cost
